All personally owned camping equipment shall be removed from the campground at the time the camper leaves. If a camper desires to remain in the park after the check-out time, he must break camp and move from the campground.

B. Control

1. The area security officer has the authority to assign sites. They may request the names of all members of the party to be recorded.

C. Equipment permitted

1. Equipment allowed on a tent or trailer site shall be limited to one (1) camping trailer or self-propelled camper, or (2) tents and awnings not to exceed a combined total undercover of 275 square feet.
