

Gastrointestinal Outbreak at Binghamton University

Recorded Information Line – 04/09/08
Option 2

The Broome County Health Department's call center for the gastrointestinal outbreak at Binghamton University is now closed. If you are experiencing gastrointestinal symptoms that started between Monday, March 31 and April 9, please contact the Broome County Health Department during normal work hours, 8:00 a.m. to 5:00 p.m., Monday – Friday, at 778-2839. The University Health Service as well as a person's private care provider is also able to provide information about gastrointestinal illness. If you have severe symptoms or your illness does not resolve within 2 to 3 days, you are encouraged to seek prompt and appropriate medical evaluation and treatment.
