

COMPETENT PROFESSIONAL AUTHORITY (CPA) 2

DISTINGUISHING FEATURES OF THE CLASS: This position exists in the Broome County Department of Public Health and is responsible for assessing the nutritional requirements of Women, Infants and Children (WIC) participants, determining program eligibility, enrolling participants in the WIC program, and providing nutritional counseling to WIC participants and their families, with the exception of those participants that are determined to be high-risk. The incumbent has responsibility for authorizing and issuing food packages to be used by WIC program participants based on assessment of their nutritional needs to adequately meet participant's regular and therapeutic needs. The work is performed under the direct supervision of a Competent Professional Authority (CPA)3, with leeway allowed for the exercise of independent judgment. Supervision is not a function of this position; however, incumbent may provide orientation and training for Competent Professional Authority (CPA) I's and lower level nutritional support staff. This position meets the standards of the New York State Women's, Infants and Children Program Certified Professional Authority (CPA2). Does related work as required.

TYPICAL WORK ACTIVITIES:

Conducts a complete nutritional assessment, determine program eligibility and enroll participants;

Prescribes, tailors, authorizes issue and reissues all food packages, with the exception of those requiring medical documentation;

Conducts breastfeeding assessment, provides participant-centered counseling which helps a mother initiate breastfeeding, establish milk supply, exclusively breastfeed and continue breastfeeding and address breastfeeding concerns;

Plans, provides and evaluates participant-centered nutrition education, including individual, family and group discussions;

Implements, updates and closes participant care plans, with the exception of those determined to be high-risk;

Assists CPA3's with the care plans and food packages of participants determined to be high-risk;

Reviews and approves formula requests requiring medical documentation in consultation with the Health Care Provider;

Assists in orientating, training and mentoring CPA1's and lower level nutritional support staff;

Provides and documents appropriate follow-up referrals to other health and social services agencies and services available
